

3200

Handheld Linear Imager

The 3200 delivers quality linear barcode scanning and user friendly ergonomics, combined in a solution that's affordable and dependable for a wide variety of applications. Whether you're automating a pen and paper process, or require a high-quality yet cost effective barcode scanner to replace your existing devices, the 3200 is an ideal solution.

Linear imaging technology provides high scanning performance on all linear barcodes – even those that are damaged or poorly printed - and features the added value of being 100% solid-state, with no moving parts that can fail or become misaligned.

Unlike other value-priced solutions that sacrifice usability features, the 3200 provides an ergonomic pistol-grip and user-preferred finger trigger design for comfortable and intuitive use.

With a 2-year warranty and durable design, the 3200 provides a great value to customers who require reliable barcode scanning solution at an affordable price.

Features

- **Linear Imaging Technology:** Fast barcode scanning, even on poorly printed or damaged linear codes.
- **User-Friendly Design:** Pistol-style with index finger trigger ensuring operator comfort and ease of use.
- **Reliable:** The durability of 100% solid state technology and a 2-year warranty.
- **Ease of Connectivity:** Common interfaces are integrated to ensure fast and easy connection to your host or PC.
- **Future Proof Symbology Support:** GTIN compliant, GS1 DataBar capable.
- **Intuitive Aiming Line:** Thin, crisp aiming line for ease-of-use in scanning bar coded menus and densely populated documents.
- **Intuitive User Feedback:** Fully programmable options for application-specific "good read" LED and beeper settings.
